ABOUT

KS Garden was started by K. Subramanian in 2008 as a sole proprietorship company. K. Subramanian (Diploma in Horticulture) has 6 years of experience in the field of Horticulture. With K. Subramanian at the helm, KS Garden is backed by qualified and experienced persons in the field of Agriculture/Horticulture. Our landscape architects design creative and attractive outdoor environments using natural elements such as land, trees and shrubs to create attractive settings for buildings, highways and parks. We also do structural architecture for hard landscaping and soft landscaping with specifications.

OVERVIEW

'Landscape', a commonly known term among us and we talk about it at times but the question is what exactly landscape is and why do we need it? Do we gain any benefits from it? Well, landscape simply comprises of visible features of an area of land, including the physical elements of landforms, water bodies, living elements, human elements, structures, and transitory elements such as lighting and weather conditions. Landscapes, with its characters and qualities, have the power to enhance the livability of a life and heal the environment. This power is evident in our work from planning to inspire living design. Using equal factors and commitments, we transform predictable urban conditions into inspired landscapes.

MISSION

KS Garden is dedicated to revitalizing the society through unique, sustainable and community-integrated landscape design.

VISION

Leading the industry and elevating the professional standards in the art and science of landscape architecture.

OUR SPECIALTY

Our work is anchored upon the firm foundations of harmonious landscape architecture & design. Oh! Yes, we are well aware of the latest buzzwords – "natural", "organic", "environmentally responsible", "ecology". Thus we take good care that our landscape systems are low maintenance landscape with only positive effects on our environment. We specialize in the supply of small plants to large trees from 3 ft to 20 ft height. These ranges from old favorites to exotic and unusual specimen plants, bulbs, shrubs, topiary, groundcovers, different types of turf, earth and pebbles. We pride ourselves on selecting only the highest possible quality for inclusion in the range. We have a big team of trained and experienced staff. We have plants and landscaping ideas for every situation, so whether the spot one has in mind is sunny, shady, dry or just plain awkward, we are always ready with innovative solutions.

LANDSCAPE SERVICES

CONSULTING & DESIGN

We are a unique landscape architecture company emphasizing environment friendly landscape designs that are functional, sustainable and beautiful. By exploring and evaluating, we adapt to new innovative ideas and solutions, and provide first-class landscape design and consultancy services at every stage of a project, from inception to the implementation.

LANDSCAPE & MAINTENANCE

We know just how important landscape appearance is to any commercial and/or residential property. Our knowledgeable and fully trained staffs are familiar with all aspects of landscape maintenance and know when to plant, how to detect diseases, and how much fertilizer to use, etc. Our landscape maintenance crew are dedicated and highly motivated to deliver superior quality landscape maintenance services to ensure that every client's landscape investment is properly maintained.

POND & FOUNTAIN FILTRATION SYSTEMS & MAINTENANCE

Ponds and fountains add a touch of serenity and elegance to almost any setting. Our staffs are dedicated to not only ensuring that your pond and fountain looks its best, but also that it is providing the healthiest environment possible for the aquatic life that you have nestled within it. Our clients can just sit back and simply enjoy their pond and fountain the way it was meant to be enjoyed, without all of the hassle.

THEME GARDENS

Theme gardens are gardens that are designed around a specific idea and are a great way to showcase one's interests. When designing a theme garden, we combine plants that thrive in the specific environment and are pleasing to the eye. Tranquility is the word here. A strategically constructed theme garden can serve as a focal point in one's yard as well as a place to relax and enjoy their creation.

Some of the common theme gardens are:

- Contemporary Garden Bird & Butterfly Garden
- Sensory Garden Herb Garden
- Rose Garden Japanese Garden

STONES & HARDSCAPE

Hardscape is the perfect complement to any landscape by transforming the surface to a more useable area. Our team of experts can fix and polish all existing hardscape and the artful application of landscaping stone can enhance the natural elements that you already have in your garden. It will not only increase your garden's beauty and functional use, but will consequently raise your property's value!

PERGOLAS & GAZEBOS

Adding an elegant gazebo or a beautiful pergola in one's home or garden is an exciting vista. It beautifies the surroundings with raised colorful foliage and flowers, enhancing the garden's look and making it amazing and even increases its marketable value.

Pergolas basically are a series of horizontal timbers or wooden beams that are supported by bricks, stone pillars, or timbers over a paved floor or grass.

TURFING & MANAGEMENT

We supply and install turfing with accuracy and efficiency, and work along-side with our turf producers to supply and lay turf to meet a range of applications. Our turfing services include mowing, fertilization, pest controls, aeration, complete lawn renovation, sod, and low input or no mow options.

PONDS & FOUNTAINS

Water features such as a pond, fountain or waterfall are almost always the first thing that catches the attention of your guests. Enhancing your garden with the soothing sounds of a fountain or the conspicuous presence of a waterfall is desirable and it adds to the overall ambiance of your back yard paradise.

WOODEN STRUCTURES

Whether composed primarily of sculpted wood beams or fragrant climbing roses, a finely-crafted wood structure can become the entertainment centre of your outdoor environment and provide years of enjoyment. Wooden structures provide shade and compliment decks and hard cape and add a touch of class to the garden decor.

GARDEN ACCESSORIES

We have a wide range of garden accessories that will add charisma and personality to the gardens, ponds and terraces. At KS Garden, we believe that everyone's backyard garden should be an outdoor.

Our full-service outdoor lighting solution includes:

- Professional lighting design consultations
- Evening demonstrations, to see how exceptional a house could look after dark
- One year of free system maintenance to ensure optimum performance
- Manufacturers lifetime warranty on fixtures

TERRACE GARDEN LANDSCAPING

The Terrace Garden Landscaping involves beautifying the exteriors of your premises that give an enchanting feeling and soothing ambiance. We utilize the inherent talent of our craftsmen who are endowed with artistry and put forth the best of their in carvings and add a captivating charm to one's Terrace Garden by arranging the best Terrace Garden Landscaping.
